VOL. II. LOS ANGELES, CALIFORNIA, WEDNESDAY MORNING, JUNE 14, 1882. NO. 9.

AFTERNOON DISPATCHES

The Southern Democrats are Greatly Discouraged.

The Straithairly Libeled for $22,800—The Slickens Case—Anthony Re-elected —Killed by a Blast.

WASHINGTON, June 13.—Since the Republican majority in the House of Representatives unseated three Southern Democrats, who claimed to have been elected, reports have reached the Democratic managers here of great discouragement among the Southern Democrats. The feeling seemed to be that if the Republicans obtained a majority in the next House they would proceed to unseat every Southern Democrat whose seat was contested, and in consequence those who would be candidates in the close districts could see very little encouragement for them to make the Congressional fight. These reports have excited no little apprehension here, and after conferring together the Southern members determined to make a thorough canvass for the purpose of ascertaining, if possible, what the political complexion of the next House would probably be. Two of the members have made this canvass within a few days, and as a result of their inquiries have figured out a Democratic majority of ten in the next House. They reach this conclusion by counting on sure gains as follows: In Connecticut, South Carolina, Illinois, West Virginia, Mississippi and California, each one; in Texas and Pennsylvania, five each; Indiana and Ohio, three each; New York, two, and in Mississippi four. They expect to make other gains in such Sates as Massachusetts, Maine and New Hampshire; but these do not enter into the figures on which they base their probable majority of ten. The only State in which they expect to lose is Nevada, and they think the chances are that they will lose one Representative there. The results, as reached by these gentlemen, with the figures as given above, have been sent to the various State Executive Committees in the South in hope of restoring confidence in that section.

CAMPAIGN BEGGING CIRCULARS.

The circulars issued from the headquarters of the Republican Congressional Committee, appealing for contributions for campaign purposes, is being circulated in every department of the government in this city, among all classes of employes. Apprentices, laborers and mechanics in the Navy Yard, employes at the Capitol, and messengers in the departments, are all asked to pay in an assessment amounting to from six dollars to twenty-three dollars. The circular sets forth that the committee is organized in the interest of the Republican party, and that funds are needed for preparing, printing and circulating documents in the coming Congressional election.

STAR ROUTE TRIALS.

In the Star route trial Merrick said he proposed to take up the routes seriatim and completely dispose of one route before taking up another. Merrick put in evidence various certificates and other papers from the Auditor of the Postoffice Department. Senator Saunders, of Nebraska, was sworn and testified at some length.

BLAINE AGAIN ON THE STAND.

The examination of Ex-Secretary Blaine was resumed this morning before the Committee of Foreign Affairs, in relation to Shipherd and Peruvian matters.

FORSYTHE ON TELLER'S POLICY.

CHICAGO, June 13.—General George A. Forsythe is here. In an interview in regard to the Apaches, he says: "Secretary Teller's policy in disarming the Indians meets with the warm approval of all the officers, and will do much toward preventing outbreaks and raids. The rapid development of railroads in Mexico and portions of Arizona are also doing much to settle the vexed Indian question. The proclamation of the President to the cowboys, while it is somewhere sneered at, has really been productive of much good. Although the best citizens of the two Territories had combined to put them down, in a great many instances the task was a difficult one. With the Indians and cowboys out of the way, the mining and grazing interests of these Territories will appreciate rapidly.

THE STRIKERS.

Matters Quieting Down and Men Going to Work.

CLEVELAND, June 13.—Everything is quiet among the strikers.

PITTSBURGH, June 13.—All quiet. President Barrett, now in St. Louis, has been heard from. He is of the opinion that the Western mills will soon be in operation. The Apollo iron works will resume to-morrow with non-union men.

AT CLEVELAND.

CLEVELAND, June 13.—More men than yesterday went to work this morning at the Cleveland rolling mills, and two more departments have started up. No violence was offered and there was no disturbance other than some shouting by some idlers on the street.

THE TERRE HAUTE STRIKE ENDS.

TERRE HAUTE, June 13.—The strike at the Wabash Iron Company's rolling mill in this city has ended, and the men went to work this morning, the word "forever" being striken from the contract. Pittsburgh prices will govern.

An Outrage.

CHICAGO, June 13.—An Atchison, Kansas, special says: James McHahn, a section hand, working thirty miles below Las Vegas, being considered a half-witted fellow, was mercilessly tantalized and ridiculed by his companions. He threatened, unless the abuse ceased, to kill somebody, and eventually did shoot John Groves, the leade , killing him instantly. The section men thereupon seized McHahn, and taking him to the station, hoisted him on a cross beam with a rope about his neck and let him drop twelve feet. The coroner's jury exonerated all parties.

Anthony Re-elected.

PROVIDENCE, June 13.—The General Assembly to-day re-elected Anthony to the United States Senate.

Tennessee Greenbackers.

NASHVILLE, June 13.—The Convention of Greenbackers in session here to-day nominated J. R. Bensley for Governor. The platform of 1880, adopted at Chicago, was reaffirmed.

Anti-Machine.

NEW YORK, June 13.—The "Anti-machine Republican General Committee" organized to-night. There was one hundred and forty-seven delegates present, representing sixteen districts. Resolutions were adopted denouncing the party in this city as being under the control of ten men whose candidates they will not vote for.

COAST DISPATCHES.

The "Straithairly" Mulcted into $22,800 in Fines.

SAN FRANCISCO, June 13. — The steamer *Straithairly* was libelled in the United States District Court to-day for $22,800, this being the aggregate penalty for the excess of passengers over the lawful number carried by that vessel during her recent voyage from China, and for other violations of law.

MARKET REPORT.

Feed barley demoralized; best bid to-day $1.65. The first new barley came in to-day; it was feed, and sold at $1.60.

THE SLICKENS CASE.

SACRAMENTO, June 13.—In the debris decision, after a lengthy consideration of the case, the Court finds: 1st, plaintiff's title is not barred by the statute of limitations. 2d, Defendants have acquired no right to use the beds of the Sacramento and American rivers as places of deposit for mining tailings. 3d, The acts of the defendants constitute a public nuisance and obstruct the free use of the rivers by a considerable number of citizens of the State. 4th, Mining customs and usages, authorized by statutes and decisions of courts, are local and not intended to have any effect beyond the mining of bar diggings or districts. 5th, Mining laws and customs as practiced are not intended to and cannot protect the defendants in the acts complained of. 6th, Plaintiff is entitled to a decree restraining defendants from dumping tailings into the American river or any of its tributaries. A decree follows the opinion, and makes an injunction perpetual against defendants, subject to this condition, that defendants may at any time apply to this Court to have the decree modified or vacated; and whenever, upon such showing, it shall appear that efficient means have been provided to impound the tailings, then defendants shall be entitled to have the decree set aside.

KILLED BY A BLAST.

VIRGINIA CITY, June 13.—The premature explosion of a blast at the Union Consolidated mine last evening instantly killed John Black and Jas. F. Brown. John Beargo was fatally injured and R. Hicks seriously. No other men were in the drift at the time of the explosion. The cause of the explosion is not known. Brown is blown all to pieces.

MAINE REPUBLICAN CONVENTION.

PORTLAND, Me., June 13.—The Republican State Convention met this morning and was called to order by Senator Foye. Foye then nominated as temporary chairman Eugene Hale, who was received with enthusiasm. Hale said: "One of the largest conventions ever held in Maine attest the undying vigor of the Republican party of the State. This campaign must end in a contest for Governor. Congressmen, Senators and county officers are to be chosen. You do not want Governor Plaisted to be continued in his seat, but you do want a distinguished and eloquent colleague to retain his seat in the United States Senate for six years more." Great applause.

A Probable Disaster at Sea.

ST. JOHNS, N. F., June 13.—The steamer *Alhambra* arrived last night. She reports passing a quantity of wreckage near Cape Bullard.

Preserving Order in Egypt.

LONDON, June 14.—A dispatch from Cairo says: At a meeting of the foreign Consuls with Dervisch Pacha, the Khedive and Arabi Pasha, a solemn engagement was entered into that the Khedive should undertake to maintain order, and that Arabi Pasha should strictly obey the Khedive's commands. Dervisch Pasha has agreed to accept joint responsibility with Arabi Pasha for the preservation of order. A project to carry off the Khedive, Dervische Pasha and the British and French Consuls to the citadel is freely discussed.

A Daughter Born to the Czar.

ST. PETERSBURG, June 14. — The Empress was safely delivered of a daughter this morning. The child will be named Olla. The public buildings are decorated with flags in honor of the event.

The Arabs in Cairo.

CAIRO, June 14.—Dervisch Pasha and Arabi Pasha did not go to Alexandria as announced, but only sent orders to decamp. There have been numerous assaults on Europeans by the Arabs in Cairo.

The Europeans Leaving.

ALEXANDRIA, June 13.—Europeans are leaving as fast as they can. The Consul has issued a proclamation exhorting the Europeans to remain tranquil, and expressing confidence that the army will be able to maintain order. One hundred persons were killed in the riot on Sunday. The position is a terrible one. Any small force the fleet could land would only suffice to excite the Arabs to a general massacre.

The Los Angeles TIMES has entered upon its second volume with improving prospects. Glad of it. The TIMES is a carefully edited paper, and always an advocate of sound principles in politics and morals.—*Ventura Free Press.*

ETERNAL ENMITY.

The Democratic convention swore its antagonism to *all* corporations, but as the Railroad Company is the only one affecting the finances of the people to an extent sufficient to attract general comment, we shall presume it was at that corporation that the convention's anti-monopoly gun was aimed and fired. The other corporations—Wells, Fargo & Co.'s Express and the Western Union Company—we have among us, but it is generally understood they are both under the wing of the Southern or Central Pacific, or are working under a treaty of alliance defensive—and offensive as to all outsiders—with one or both of those corporations, so we will not consider that the Democracy desired to wipe them out of existence, and shall address ourself to the task of answering the question we commenced our article with without reference to other corporations than the one which carries and brings our luxuries and necessaries, and the stranger within our gates.

To learn a reason why a minority of our people, respectable in numbers, should antagonize an institution so largely interested in and sharing our prosperity or reverses; so completely promoting our welfare as does the Railroad Company, we ought to take a retrospective view of the city and county, and learn if the present, in comparison with their past condition, is a cause for regret, and will justify a condemnation of the instrumentalities that have contributed so much to make us what we are. A glance at the past will show us the fact that the cost of passage and rates of freight transportation have been reduced in all directions, and if the minimum rates are not so low as all desire, it is by many hundred per cent. lower than before the construction of the road, and than the same service can be performed by any other means of transportation. It will be seen that since the rail the valuation of the city and county has largely appreciated, population increased, until from a mere hamlet we have become the third city in the State. From a trade of insignificant amount our commerce has grown to large proportions, and we are now supplying the wants of a large per centage of the area of the continent, and the field is daily widening as the rails are pushed forward. All the products of the county are marketed at enormously profitable figures, and competition to purchase is so active that the producer is importuned to contract his crops far in advance of the harvesting. Strangers from near and far are flocking to us and buying and building from center to circumference,—in fact we have a boom rarely ever equaled on the continent. And this has all come since the rails pierced our back country, and without them we should have been where we were five years ago—with corn, barley, potatoes and hay hardly worth the raising. We could enlarge upon this indefinitely were it needed to impress the fact upon the mind of an intelligent reader, that we have grown with the corporation that came here and did for us in opening communication with the East and the South, what we were unable to do for ourselves. Every sensible man is aware of the full force of all we say. But for these benefits the members of the Democratic party record against the corporation their "unfaltering antagonism!" Good citizens—brave men!

The attitude of the Democracy on the railroad question will doubtless be remembered by the thousands who have been benefited by it, and who, while they have not all they could wish, are sensible enough to let well to do alone, and do not propose to kick over the milk bucket before the rising cream is all secured. They will therefore vote the Republican ticket—the ticket of the party that cares for the interests and property of all the people—seeking always the greatest good of the greatest number.

A reasonable justification of the opposition of the Democracy to the Railroad Company cannot be given, and the answer to our inquiry is that the announced antagonism is an outrage.

The LOS ANGELES DAILY TIMES has entered upon its second volume, under conditions of greater prosperity. Its success has been remarkable, and is the result of judicious conduct and substantial ability in all its departments. Although only six months old, the TIMES ranks among the foremost papers of the southern coast.—*Oakland Vidette.*

STARVATION IN VIRGINIA.

A dispatch from Danville, Va., of the 10th, gives us the astounding information that 5,000 persons in Patrick county, that State, are in a starving condition. Patrick county is a very isolated, mountainous, inaccessible section of the State, the nearest railroad station being forty-five miles over a fearful road. The suffering is not only among the humbler classes. Well-to-do farmers, who never knew want before, are begging for bread for their starving families. The Patrick Court House is thronged with men, women and children begging for bread. Some of the women had walked twelve miles, and in some cases bringing infants in their arms, to beg for a little corn or flour, which could not be got for any consideration. A wagon load of shelled corn which arrived Thursday was at once surrounded by an emaciated and wan crowd, all fighting eagerly for a handful of the precious grain, which had to be given out to them. Three hundred people, at Patrick Court House alone, have not tasted a morsel of food for two days. Some have died, and others are dying in remote portions of the county for want of something to eat. Several wagons have been pushed out from Danville and will travel all night, and it is to be hoped that all the lives will be saved, but it is feared it will be impossible to reach all the sufferers in time.

STONEMAN'S PROSPECTS.

Report hath it that San Bernardino goes solid—the Democratic portion thereof—for Stoneman. Los Angeles, the *Express* claims, is solid for Stoneman, but there are those who don't believe it true. Rumor also says Gen. Stoneman will have the San Joaquin Valley counties—Kern, Tulare, Fresno, Merced and Stanislaus. Not unlikely he will have Ventura, and possibly Santa Barbara. San Diego is unpledged, but may go for Stoneman. At any rate he has a respectable showing for a starter, and if the barrel is not too heavy, he will roll up a large vote on the first ballot.

CONSISTENT RESOLUTIONS.

The Democratic Convention resolved that the delegates to the State Convention, each singly and upon his own judgment, shall act for the best interests of the party in accordance with the dictates of his own conscience. This speaks well for liberty, and is the fish of the repast. Now see where the flesh and fowl comes in. It resolved again that the "Democracy of Los Angeles County is in favor of General George Stoneman for Governor." Now, we will see who dare vote his own judgment with his personal freedom handicapped by the rider thus put upon him.

CORRECTION.

In our article yesterday on the Democratic anti-railroad resolution, we accidentally said "County" when we should have said City Surveyor. Our County Surveyor is not of such stuff as Democrats are made, we are thankful to say. He stands almost alone in the squad of county officials now, but we intend to give him plenty of company at the next election. Yes, our County Surveyor is all Wright.

DOWNEY DOINGS.

[Signal, 10th.]

B. F. Dreyfus is putting up a large brick building on the corner of Los Angeles and Center streets, to be occupied by Messrs. Goodman and Rimpau and H. Cohn, merchants.

We are informed that there will be a colt show in Downey on the last Saturday in June. Everybody interested is expected to be on hand.

Several artesian wells are being bored southeast of Norwalk. Soon these dry lands will blossom like the roses of Sharon, and her trees wave like the cedars of Lebanon.

A literary society has been organized at Ranchito school-house, where the young folks say their "little speeches" to crowded houses on Saturday evenings.

T. J. Sparks met with quite an accident last Thursday. As he was coming out of the field with a load of hay the standard in the front part of the wagon gave way, and his boy was thrown upon the horses. They then turned toward the house, running over the well, leaving the main body of the hay in the kitchen door, demolishing the well curb and drawing the pump with the pipe attached entirely out of the well, throwing it to one side, just missing Mr. Sparks' head. The boy, who had been clinging to the tongue, dropped to the ground, and the wagon ran over him. Just at this time the tongue ran into a ditch bank, and the wagon was seen climbing the long stump of a tongue, and a general smash-up was the result. One horse was badly hurt, the other uninjured. Both parent and child were badly scared, but fortunately both escaped unhurt.

Abijah Johnson.

At an early hour yesterday morning death called away the spirit of Abijah Johnson, father of Mr. M. D. Johnson, of this city. Mr. Johnson was born in Clinton county, Ohio, in 1815, residing there until forty years of age. He then removed to Indiana, thence to Iowa and finally to St. Louis, from whence he accompanied his son to this State last summer, his system giving evidences of being seriously impaired. He leaves a family of eight children, five of whom are sons, and all are living, and all residing at Oskaloosa, Iowa, except our townsman. Another son, Henry, recently arrived here, the better to care for the father. The remains will be taken to Santa Monica on the train this morning, and interred in Mr. M. D. Johnson's family lot.

Colonel George F. Alford, of Dallas Texas, with his wife and Rev. M. Sherrard, brother-in-law of our genial County Clerk Potts, are visiting our city. Colonel Alford is one of the heavy cotton operators of Texas, and in the days of the Argonauts, a Californian, and since travel hence from Texas has been made easy, makes this flying visit to view some of the scenes of his gold hunting days.

LAST NIGHT'S DISPATCHES

Another Contested Election—A Republican Wins.

Looking for Indians in Arizona—A Tremendous Hail Storm in Arkansas—A. O. H. at Stockton.

[Associated Press Dispatches.]

WASHINGTON, June 13.—The Sub-Committee of the House Committee on Election will report to the full committee that Smalls (Republican) is entitled to the seat from Fifth district, South Carolina.

TRESCOTT BEFORE THE COMMITTEE.

Trescott will be re-examined to-morrow before the Committee of Foreign Affairs. Attorney-General has released Brockaway.

GENERAL TYNER HURT.

General Tyner was thrown from a buggy and badly bruised last evening.

NOMINATIONS.

The President has nominated Sam'l B. Axtell, of Ohio, Chief Justice of the Supreme Court of New Mexico; Rollin M. Daggett, of Nevada, United States Minister to the Hawaiian Islands.

AMENDMENTS.

The Senate Finance Committee agreed to recommend that the House bill for the extension of National Bank charters be amended by incorporating therein as additional sections the two amendments which provide for the issue of three per cent. bonds in exchange for any three and a half per cents, and for the issue of gold certificates.

INTERESTING CAPITAL PARAGRAPHS.

All absent Republicans have been telegraphed for in anticipation of a vote on the Tariff Commission to-day.

Samuel Haines, of New York, an iron merchant, will probably be Wheeler's successor on the Tariff Commission.

Blaine's testimony before the Foreign Affairs Committee attracted much attention, and the result was very satisfactory to his friends. They feel the attack upon his administration has been fairly and fully met at every point and defeated.

It is said by parties in good position to know that the President is not entirely in accord with Cameron's course in Pennsylvania, and a fresh attempt will be made to bring about an adjustment of the difficulty, possibly by a new convention later in the season.

Robie for Governor.

PORTLAND, Me., June 13.—Col. Robie was nominated for Governor on the first ballot, by thirty-two majority. Hale said he believed the President was trying to bring all shades of the Republican party into accord. He has a difficult task, but is discharging it wisely.

THE PLATFORM.

PORTLAND, Me., June 13.—The resolutions adopted by the convention include usual platitudes and declare that American industries should be protected against the unjust competition of cheap foreign labor; that American ship building should be encouraged; depreciating the efforts to overthrow the present system of the country; opposing the abolition or reduction of the internal tax on liquors and advocating gold and silver only for legal tender; favor the constitutional prohibition and sale of liquor; oppose polygamy; deplore the death of Garfield and tender assurances of confidence to Arthur. The Convention proceeded to vote for Congressional candidates, and Thomas B. Reed, Nelson Dingley, Charles A. Boutelle and Seth D. Milliken were nominated. Convention adjourned.

A Terrible Hail Storm.

CHICAGO, June 13.—The *Journal's* Little Rock special from the Indian Territory says: A terrible hail storm passed over Broken Arrow and surrounding country yesterday. The damage to crops and property is very heavy. Several lives were lost.

Fire in Michigan.

DOWAGIAC, Mich., June 13.—An entire block of wooden buildings was burned this morning. The loss is heavy and insurance small.

Another Riot Predicted.

LONDON, June 13.—Unless there is an overwhelming Turkish force at Alexandria before Sunday there will be a worse outbreak than last Sunday.

No Indians in Sight.

WILLCOX, A. T., June 13.—Lieutenant Mackey, with Co. C, Third Cavalry, has returned from looking for Samaniego's herd in Aravaipa Cañon. He found no sign of either Indians or herd. The inhabitants of Aravaipa valley report no strangers in the valley, white or red, for the past week.

Lieut. Anderson has returned from his scout in Eagle Creek Valley, with Company L, Sixth Cavalry. He reports everything quiet there; no sign of hostile Indians, and the settlers returning to their former homes. Their ranches were not disturbed; cattle have not been interfered with in any way and remain on their ranges.

A. O. H. State Convention.

STOCKTON, Cal., June 13.—The annual State Convention of the A. O. H. convened here at 1:30 P. M. State delegate John Fitz Simmons, of Oakland, presided. Every county in the State is represented. About one hundred and twenty delegates are in attendance. J. C. O'Connor was chosen State Secretary, and John Keebe State Treasurer. Reports of the State officers show an increase of membership during the year. General harmony prevails in the order and there is no trace of the dissension of the past years. After permanent organization the convention took a recess until eight o'clock this evening, when reports of committees on finances, grievance and general business will be considered.

THE SAN JACINTO LAND CO.

A New City to Rival Riverside to be Laid Out.

Monday the Trust Company of the "San Jacinto Land Association" was organized at the office of Compton & Kerr and A. E. Pomeroy. The five trustees are Rev. A. M. Hough, F. C. Howes, John Tretheway, Jr., A. O. Porter and G. D. Compton. The association has purchased eighteen thousand five hundred acres in the San Jacinto valley, San Diego county, twenty-five miles east of Riverside. The northwest corner of the land lays about seven miles south of the Southern Pacific Railroad at San Gorgonia station. The California Southern Railroad runs about eight miles south of it. The land will be divided into small farms and dairies. A town will be laid out.

Y. M. C. A. LECTURE.

Major Dane's Effort Highly Interesting and Appreciative.

The lecture of Major Henry C. Dane before the Young Men's Christian Association last night was one of the rarest treats Los Angeles has ever enjoyed. The lecturer proved conclusively that the subject has not yet been worn thread-bare. The lecture was rich in eloquence, thrilling in description, and new in historical facts. For nearly two hours the large audience sat enrapt, the intensity of feeling finding vent in frequent applause which became tremendous at its close. Major Dane was flag officer under Admiral Farragut and spoke from personal experience. He will lecture next Monday night before the University of Southern California upon the subject, "Up the Rhine and over the Alps with a knapsack." Doubtless before his departure hence the many of his delighted listeners of last night will endeavor to have another lecture delivered in this city by this excellent lecturer.

A Meridian of Observation.

Capt. Jas. S. Lawson, for many years past connected with the U. S. Coast Survey, arrived in Los Angeles on Sunday last on business connected with the service. His mission is special, yet definite in its character, and will keep him busily employed for some time. He is looking over the coast for a suitable point to establish a meridian of observation, and a trip to San Diego by the steamer of Monday completes the investigation in that line. In a few days the result will be determined upon, when a full description of the matter will be given.

The Pork Packing Company.

The Los Angeles Packing Company will commence packing hogs for the coming season as soon as they can be obtained. They have facilities now for killing one hundred hogs per day throughout the season, and will increase their capacity as fast as the supply of hogs will warrant it. It is gratifying to note that there is in Los Angeles a firm with the necessary enterprise and vim to develop a business requiring such a formidable outlay of money to its fullest capacity.

United States Commissioner.

United States Commissioner Lee was busy yesterday. Messrs. Waterman and Porter were held to answer before the United States Circuit Court on the charge of cutting timber on Government lands, in the sum of five hundred dollars bail. William Lubeck, who was charged with selling liquor to Indians at Dos Palmas and was arraigned May 22d, was partially examined, which will be concluded the 26th instant.

Han Hamerican Heagle Lost.

Where, oh where, has our eagle gone? that is the cry of the small boy who wants to celebrate, the stump orator, who wants to spread himself, the young man who yearneth for the opportunity of shewing his girl how much money he has to spend. In the name of all these time-honored institutions, what has become of the Hamerican Heagle?

ABOUT TOWN.

What about the Fourth of July?

Anaheim is going to have street sign boards.

A woman at the jail last night was very sick.

There were six arrests made yesterday by the police.

David Crockett has a bad namesake on the way to San Quentin.

The next steamer will carry away a lot of delegates to San Jose.

Two vagrants were yesterday sentenced to the chain gang for nine days.

Some trouble in the estate of A. Pico, deceased, has been referred to E. H. Owen.

Mike Madigan, Census Marshal, reports over 700 children more than at the last census.

The finest assortment of crackers in this city can be had at Burch & Boal's, opposite the Postoffice.

A petition for a family allowance was granted yesterday by the Probate Court in the Lankershim estate.

A young man named Glore died of consumption at Boyle Heights one day last week. His people are from Santa Clara.

W. H. Toler has been appointed an agent for Elizabeth G. Potts in the Maud E. Wilson estate, under $2,000 bonds.

Twenty-four members of San Bernardino Lodge, Knights of Pythias, registered at the St. Charles hotel yesterday.

The Grange Store will be closed until noon to-day on account of the funeral of Mr. Obijah Johnson, father of M. D. Johnson.

Complaints are made of the horse of a Chinese laundry on Main street being allowed to stand on the sidewalk to the inconvenience of the passers by.

The people of Anaheim are moving in the matter of a fair of their own. From our correspondent's communication elsewhere, it will be seen that they are up and doing.

Miss Mattie Johnson, who has been visiting her relatives, Mr. and Mrs. O. Johnson, on Pearl street, for the past few weeks, returns to San Francisco on the *Orizaba* to-day.

The TIMES expresses its thanks for complimentary invitations to the Episcopal social at Mrs. J. M. Griffith's on Thursday evening. It will be an enjoyable occasion, no doubt.

The ladies of the Episcopal Church will give one of their popular socials next Thursday evening at the residence of J. M. Griffith, Fort street. All who wish an evening's pleasure, come.

County Clerk Potts informs us that the item in Sunday's TIMES in reference to all voters registering anew applies only to San Francisco county. In other counties new comers must get their transfers to be registered. Those already on the register are all right.

The old established cigar and tobacco house of A. M. Lawrence, corner of Spring and Market streets, is now filled to overflowing with the choicest goods obtainable. The trade are supplied at San Francisco prices and all goods sold are guaranteed. See announcement elsewhere.

The closing exercises of Miss Ackelson's young ladies' and misses' school will be held on Friday next, at the brick church between Third and Fourth streets, beginning at 9 A. M. and continuing until 4 P. M. The exercises will consist of examinations of classes, music, recitations, etc. The school will reopen August 13th.

A TIMES reporter happened into H. Siegel's store yesterday, and seeing an elegant silk hat in a box on the counter, inquired who it was for. Mr. Siegel replied that it was a hat made to order for Dr. Hartley by Herrman, the hatter, of San Francisco. It is, without exaggeration, a perfect gem and well worth examination.

The closing out sale of gents' furnishing goods at Harry Seigel's is pronounced by all to be a genuine clearance sale and no catch-penny affair. The reduced size of the stock during the past two weeks, also testify to its genuineness. When the stock has been disposed of Mr. Sigel will fill the store to overflowing with the largest and best stock of hats ever seen in Southern California.

Complaints were made by a number of citizens yesterday on account of the new departure made by a demi-monde outfit. Fearing a wholesale eviction on Los Angeles street, they removed from that historic ground to the rooms over 173 Main street, almost in the heart of the business district. From the muttered but pronounced threats made yesterday it would not be a surprising occurrence should the unwelcome "lodgers" be forcibly ejected by the people living in that vicinity.

By copartnership notice elsewhere, it will be observed that Messrs. S. Stoll and J. S. Thayer have become associated in the news agency business at the old stand, No. 9 Spring street. Mr. Stoll has been engaged in the business in this city for over eleven years, and Mr. Thayer has been in his employ the past six years attending to his duties with a characteristic fidelity which has verified the old adage, "Virtue is its own reward." It is a good team, and will doubtless merit a continuance of the liberal patronage extended to the old firm.

A TIMES reporter called at W. H. H. Russell's new quarters, in rooms 10 and 11 Mohr block, yesterday, and was pleased to find the superior advantages of location, size and facilities for transacting business as compared with the old offices. Two spacious offices with folding doors between, and a handsome bay window commanding a sweeping view of Spring street and the hills, are certainly a desirable acquisition. With Mr. J. C. Whittier, his new partner, Capt. Russell is now better prepared to handle his rapidly growing business, which he has built up by strict attention.

Edelman & Co., manufacturers of cigars and jobbers of tobacco, are the largest dealers in Southern California, 78 Main street. je8 1m

ANAHEIM.

A Movement for a Horticultural Fair and Race Track.

Putting on Airs—An Exciting Runaway—A Baker Wanted—Arranging for the Celebration of the 4th.

EDITOR TIMES: An important movement has been set on foot in Anaheim. A meeting of citizens is called for Saturday at 2 P. M. in the Planter's Hotel, for the purpose of organizing an Agricultural and Horticultural Association. It is proposed to secure suitable grounds and build a Fair Pavilion and a race track. One gentleman has offered the use of forty acres of land adjoining town for the purpose for a term of five years, free of cost, and it is announced that liberal donations have been promised by many prominent citizens towards the project.

Potatoes are now being peddled here at $1 per sack. They sold for $3 not more than three weeks ago.

We are to have painted signboards bearing the names of the streets placed at all the principal crossings on Los Angeles and Center streets. A public watering trough is also to be erected on the new town lot.

A rather exciting runaway occurred at the brickyard Friday afternoon. The top timber of one of the mud mills broke off, letting the lever down over the heads of the six Chinamen working under the mill, badly scaring all, but injuring none. The horse took fright, and set out across the adjoining plowed field at as rapid a gait as the dragging of the timber—a 2x10 piece, 26 feet long—would allow, with the whole force of Chinamen tearing along at his heels—no, some thirty feet from his heels—uttering cries of "Whoa! ki tinne!" "Stoppee him!" which only urged the animal to greater speed. Somebody or something would surely have been damaged by the flying timber had it not broke loose after going two blocks. The horse was captured by a Spaniard before any serious damage was done.

Mr. Gardemeyer spread a tempting lunch on Monday for the benefit of his friends and the public, the occasion being the anniversary of his birthday.

Mr. Mitchell has had a cement walk laid from the street to his house on Center street.

We need a baker here. A practical man, single or with a small family, will find a good opening in this town, and there is a bakery, complete in all respects, awaiting an occupant.

A public meeting of citizens is called for to-morrow evening at Kroeger's hall for the purpose of making the necessary arrangements to celebrate the Fourth. It is now four years since Anaheim has celebrated the "day of days" to patriotic Americans, and it is expected and hoped that the matter be taken hold of in good earnest.

Miss Carrie Seibert returned home on Wednesday, having been in attendance at Mills' Seminary in Oakland during the term. Mrs. Wesner, wife of the proprietor of the photograph car, left this morning with her little girl for her home in San Bernardino. Mr. Wesner will remain here with his car for some time longer. Prof. Finck leaves here shortly on a four months visit to the East and Europe.

Total exports from the Anaheim depot last week, 84,307 pounds; total imports, 63,350 pounds.

John Swan battered a Chinaman named Ah Him. A warrant was issued for Swan's arrest, but when found he had already plead guilty and been fined before Judge Fisher.

OUTWITTING A JUSTICE.

How Swan Smoothed the Path of Justice.

Yesterday a Chinaman named Ah Him came suddenly in contact with an extended arm of one John Swan. He will not swan that he meant to strike Him. However, Him went into Judge Adam's Court and swore out a warrant charging Swan with battery, but that was not the kind of a dying song he would sing, so while Him was procuring the warrant, Swan went into Judge Fisher's Court, plead guilty and paid a fine of five dollars. In a few moments Constable Ling started out and finding Swan brought him into court, when it was ascertained that he had previously been punished by Judge Fisher for the same offense, and he was therefore discharged. This was a lucky dodge for Swan, as Judge Adams never fines an offender for battery less than twelve dollars and Swan saved seven dollars thereby.

THAT WATER QUESTION AGAIN.

A "Country Jake" Rises to Inquire a Thing or Two.

EDITOR TIMES: Some of us country people, irrigators in the southern part of the city, who have suffered much wrong and vexation from the wanton acts of the Felis ranch people, have watched with keen interest the discussion of the question of the city's water rights in the daily papers, and especially in the TIMES and *Express*. And although we are only plain country folk, there is one feature of the case that has struck us very forcibly, which we have talked over among ourselves, which I would like to point out in your columns. If Judge Sepulveda made the glaring mistake attributed to him of awarding eight cubic feet of water to 400 acres of land—which is treble and quadruple the amount of water the owners could possibly use on that quantity of land, and ten times as much as they were entitled to according to his own reasoning in the case, and if he is the just Judge that we suppose he claims to be, why should he not himself, of his own motion, take steps to right the great wrong on the entire inhabitants of this city that he has committed, and have that decision set aside? He would by such an act do more to show his fitness for the position he now holds as well as for the high office he aspires to, than by any other act he could perform. So long as that unfortunate decision stands, so long will the irrigators of this city be subjected to endless vexation and loss by the wastefulness of the Felis ranch renters, who perpetrate the same each year under color of Judge Sepulveda's decision. We may be simple-minded folk, but we can't help thinking he would raise himself immensely in the estimation of all lovers of the right, and of the just, if he would resolutely set about remedying a great and glaring wrong, which he, and he alone, is responsible for.

COUNTRY JAKE.

HIC JACET.

And there We Laid it to Rest—Peace to its Ashes.

The Directors of the Southern California Horticultural Society held their final meeting at the office of the Secretary, Nos. 9 and 10 Baker Block, yesterday. Present: Directors R. M. Widney, H. J. Crow, A. H. Denker, Charles Coleman, Jr. Recognizing the fact that the Society was dead beyond redemption, the directors proceeded to do what seemed to be their duty under the circumstances—namely, to close up the affairs of the society.

All bills against the society—save about twenty silver medals due as premiums awarded at the Horticultural Fair last September, and the Citrus Fair of March, 1881,—were audited and ordered paid. These bills more than absorbed all of the funds of the Society, otherwise the medals would have been ordered. After a brief discussion of various matters, the president, secretary and directors all tendered their resignations, which were accepted, and the Board adjourned *sine die*.

Thus passes to rest a society which started out under the most promising auspices, and after a varied career of five years gave up the ghost.

As regards its usefulness, its fairs and its history in general, comment would be out of taste, for the reason that public opinion is widely at variance regarding it. We accept the inevitable because we are obliged to, but we still have faith in our city to the extent that with each succeeding year matters will so shape themselves that Los Angeles will have a grand Horticultural Fair.

PERSONAL MENTION.

Mrs. Dr. Wise left yesterday on a visit to San Francisco.

Prof. Charles H. Allen returned to San Jose last evening.

E. P. Fish, under-Sheriff of Pueblo county, Colorado, is in this city.

William R. Steele, of Compton, has returned from a trip to Los Gatos, Santa Clara county.

John Tretheway, Jr., of Lodi, San Joaquin county, returned home yesterday evening after a short visit to this place.

Joseph Stackpole, of Anaheim, went out on the track yesterday morning on the train to meet his wife from New York whom he had not seen for twelve years.

Mr. and Mrs. W. W. Pratt, from Davenport, Iowa, leave to-day by steamer for Santa Barbara and Lompoc, where they have relations. They are enamored with Los Angeles, however, and will return after a short visit.

Mr. W. W. Smith, foreman and "confidential assistant" on the *Press and Horticulturist*, of Riverside, dropped in yesterday. He is a delegate to the San Jose convention, and will leave by steamer to-day for the scene of the conflict.

OUR FOREIGN TRAFFIC.

Trade of the U. S. with Mexico, Central and South America.

Some Valuable Statistical Comparisons—The Regions of Adverse Balance of Trade.

The United States Minister Resident at Caracas, Venezuela, Mr. Baker, prefaces a statistical report to the Department of State on the trade of this country with Mexico, Central and South America, with the remark that it being in some special sense one of the points of the commercial policy of the United States to extend its trade with those countries, he accordingly presents a statement of the recent

STATUS OF OUR TRADE

With the group named, under the relations of domestic exports, imports and balance of trade. In order, however, to make the statement carry with it a proper rational or relative value, it should be placed in comparison with all the rest of the foreign trade of the United States, viewed under like relations, and grouped into great divisions as nearly natural as may be. The minister has therefore constructed four tables—the first for Europe; the second for Mexico, Central and South America; the third for the West Indies, and the fourth for all other countries and ports—thus embracing in one view, and by the great groups stated, the entire foreign trade of the United States throughout the world, under the relations of domestic exports, imports and balance of trade. We condense his tables in order to bring them within the limits of an ordinary newspaper article.

THE FIRST TABLE

Shows "the values of domestic exports from and of imports into the United States, and the resulting balances of trade in respect to all the countries of Europe, for the year ending December 31, 1879" (the latest statistics given), and the table embraces the following countries: Austria, Belgium, Denmark, France, Germany, England, Scotland, Ireland, Gibraltar, Greece, Italy, Netherlands, Portugal, Russia on the Baltic and White Seas, Russia on the Black Sea, Spain, Sweden and Norway, Turkey in Europe. In all these countries, except Greece, the balance of trade is shown to be in favor of the United States, and the aggregate balance in our favor is given as $380,150,497.

THE SECOND TABLE

Shows "the values of domestic exports from and of imports into the United States, and the resulting balances of trade in respect to Mexico, Central and South America," for the same period; and the table embraces the following countries: Mexico, Central American States, British Honduras, Argentine Republic, Brazil, British Guiana, Dutch Guiana, French Guinea, Colombia, Chili, Peru, Uruguay, Venezuela, and all other countries and ports in South America. In British Honduras, British Guiana, French Guinea, Chili, Peru, and the countries and ports not named, there is a balance of trade in favor of the United States aggregating $1,730,612; but the other countries named show a balance against us aggregating $47,741,108, leaving the net aggregate balance against us $46,010,496.

THE THIRD TABLE

Shows "the values of domestic exports from and of imports into the United States, and the resulting balances of trade in respect to the West Indies," for the same period; and the table embraces the following countries: British West Indies, Danish West Indies, Dutch West Indies, French West Indies, Cuba, Hayti, Porto Rico, San Domingo. In the British and the Danish West Indies and San Domingo there is a balance of trade in favor of the United States aggregating $3,123,113; but the other countries in this group show a balance against us of $49,425,827, leaving the net aggregate balance against us $46,302,714.

THE FOURTH TABLE

Shows "the values of domestic exports from and of imports into the United States, and the resulting balances of trade in respect to all countries and ports not included in the three preceding tables," for the same period; and the table embraces a large number of islands, groups of islands, ports and countries, including China, Japan, Hong Kong, British East Indies, Hawaiian Islands and Asiatic Russia. In this entire group there is a balance of trade in favor of the United States aggregating $9,435,117, offset by a balance against us of $56,333,364, leaving the net balance against us $46,898,187. Then follows

A "SUPPLEMENTARY TABLE,

Showing in one view the balances of trade for and against the United States, by the four great divisions set out in the preceding tables," for the same period. We give this table in full:

DIVISIONS.	Balance of trade in favor of the U. S.	Balance of trade against the U. S.
Europe	$380,150,497	
Mexico, Central and South America		$ 46,010,496
West Indies		46,302,714
All other countries and ports		46,898,187
Totals	$380,150,49-139,211,397	$139,211,397
Net balance of trade in favor of the United States	$240,939,100	

These tables furnish the ready means of placing in comparison the standing of our trade, either by the divisions themselves, or by the separate parts of each division. The first table, when consulted in connection with the three following, shows in sharp relief how relatively important and compensatory is the present standing of

OUR TRADE WITH EUROPE,

as compared with any or all the other countries. The near equality of the balances of trade against the United States for all the three divisions, aside from that of Europe, is a notable fact. The most important adverse balance in the second division (Mexico, Central and South America) is that of Brazil ($38,302,952), followed by the much less but relatively considerable one of Venezuela ($3,181,573). Cuba leads the third division (the West Indies) with a very large adverse balance ($46,308,337), and China, Japan and the British East Indies exhibit the largest adverse balances in the fourth division, aggregating $43,115,973. The minister, in closing, calls attention to the fact that the regions of adverse balances are those of sugar, coffee, tea, cocoa, spices, etc., and says "*the true problem* for our manufactures and commerce is to

OVERCOME THESE BALANCES,

not alone for Mexico, Central and South America, but also for the West Indies, China, Japan, the British East Indies, and other countries from which we import such commodities." The statistics herein given are interesting and valuable enough to find a place in a Los Angeles merchant's scrap-book, ready for future reference.

Attention is called to the card of Messrs. Perry & Pollard in "New To-Day." The many important contracts in plumbing and gas fitting in this city which they have executed so thoroughly testify to their mechanical ability.

IMPORTANT RELIGIOUS REVOLUTION

A singular recent movement in the Jewish race is reported by a leading paper, the *Kraij Kharkov*. A new sect has started at Odessa called the New Israel. They abjure all commentaries on the Pentateuch, and take their religion straight from Moses. They suppress the right of circumcision, "in accordance with Ezekiel, who understood it in a spiritual sense;" they eat all flesh forbidden to the Jew but used by the Gentile; they renounce the profession of usurers or money-lenders; all of the members bind themselves to give to their new born infants for one year the name of Alexander or Alexandra, in honor of the Emperor; and, most singular of all, they keep Sunday as the Sabbath, and ask leave to marry with Christians. At the close of their published creed comes the clause which explains their hasty and wholesale conversion. "The New Israelites ask permission to wear a special badge to distinguish them from the Talmudists, and have petitioned the Government to acknowledge the legality of the sect and to grant rights of citizenship to its members."

IN THE SUPERIOR COURT.

Of the State of California, in and for the county of Los Angeles.

George Shiret, Plaintiff, vs. Jacob M. Rogers, Leonard M. Ladd & Thomas Williams, Defendants.

ACTION BROUGHT in the Superior Court of the State of California, in and for the county of Los Angeles, and the complaint filed in said county of Los Angeles, in the office of the Clerk of said Superior Court.

The People of the State of California send greeting to Jacob M. Rogers, Leonard Ladd and Thomas Williams, Defendants:

You are hereby required to appear in an action brought against you by the above named plaintiff in the Superior Court of the State of California, in and for the county of Los Angeles, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this Summons—if served within this county; or, if served elsewhere, within thirty days—or judgment by default will be taken against you according to the prayer of said complaint.

The said action is brought to obtain a decree of this Court for the foreclosure of a certain mortgage described in the said complaint, and executed by the said Jacob M. Rogers on the 5th day of September, A. D. 1877, to secure the payment of a certain promissory note for the sum of $400 gold coin, with interest thereon at the rate of two per cent per month from date until paid, said interest to be paid monthly, and if not so paid to be added to principal and bear like interest, beside seventy-five dollars attorney's fees in enforcing payment of this note; that the premises conveyed by said mortgage may be sold, and the proceeds applied to the payment of $350 balance due on said note as principal, with interest at the rate of 2 per cent per month from October 5th, 1881, and for $75, attorney's fees provided for in said note and mortgage, and costs of suit, and in case such proceeds are not sufficient to pay the same, then to obtain an execution against said Jacob M. Rogers for the balance remaining due, and also that the defendant and all persons claiming by, through or under them may be barred and foreclosed of all right, title, claim, lien, equity of redemption and interest in and to said mortgaged premises, and for other and further relief. Reference is had to complaint for particulars.

And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiff will apply to the Court for the relief demanded in the said complaint.

Given under my hand and the Seal of the Superior Court of the State of California, in and for the county of Los Angeles, this 19th day of April, in the year of our Lord, one thousand eight hundred and eighty-two. (SEAL)
